Lysosome-associated membrane glycoprotein 1 precursor (LAMP-1) (LGP-A) (LGP-120) (CD107A) (P2B).
LAMPI OR LAMP-1.
Chordata; Craniata; Vertebrata; E
Sutheria; Rodentia; Sciurognathi; Muridae; =10090;
SECUTION OF SECUTI
MEDLINE=90307738; PubMed=2142158;
Granger B.L., Green S.A., Gabel C.A., Howe C.L., Meliman L., Helenius A.;
"Characterization and cloning of lgp110, a lysosomal membrane
glycoprotein from mouse and rat cells."; J. Biol. Chem. 265:12036-12043(1990).
SEQUENCE FROM N.A.
Submitted (FEB-1990) to the EMBL/GenBank/DDBJ databases.
SEQUENCE OF 25-406 FROM N.A., AND PARTIAL SEQUENCE.
y R.W., August
"Isolation and sequencing of a cDNA clone encoding lysosomal membrane
DISULFIDE BONDS.
MEDLINE=90237040; PubMed=2332434;
"The disulfide structure of mouse lysosome-associated membrane
procein 1."; J. Biol. Chem. 265:7419-7423(1990).
 -i- FUNCTION: PRESENTS CARBOHYDRATE LIGANDS TO SELECTINS. ALSO IMPLICATED IN TUMOR CELL METASTASIS.
-i- SUBCELLULAR LOCATION: Type I membrane protein. Lysosomal. THIS PROTEIN SHUTTLES BETWEEN LYSOSOMES, ENDOSOMES, AND THE PLASMA
MEMBRANE. - 1- PTM: O- AND N-GLYCOSYLATED: SOME OF THE N-GLYCANS ATTACHED TO
LAMP-1 ARE POLYLACTOSAMINOGLYCANS (BY SIMILARITY). - SIMILARITY: BELONGS TO THE LAMP FAMILY.

J. Biol. Chem. 267:17225-17233 (1992).

-i. FUNCTION: One gap junction consists of a cluster of closely packed pairs of transmembrane channels, the connexons, through which materials of low mw diffuse from one cell to a nesighboring cell.

-i. SUBJUNIT: A connexon is composed of a hexamer of connexins.

-i. SUBCELIULAR LOCATION: Integral membrane protein.

-i. SINILARITY: EXPRESSED in skin, much lower in testis.

-i. SINILARITY: BELONGS TO THE CONNEXIN FAMILY. BETA-TYPE (GROUP I)

SUBSPAMILY.

"Molecular and genetic characterization of the rhizopine catabolism (mocABRC) genes of Rhizobium meliloti L5-30.";
Mol. Gen. Genet. 245:11-24 (1994).
-1- FUNCTION: COULD PLAY A REGULATORY ROLE IN THE TRANSCRIPTION OF TOMOC GENES FOR RHIZOPINE CATABOLISM. COULD ALSO HAVE AN AMINOTRANSFERASE ACTIVITY.
-1- COFACTOR: Pyridoxal phosphate (Potential).
-1- SIMILARITY: BELONGS TO THE GNTR FAMILY OF TRANSCRIPTIONAL REGULATORS.
                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                               LT 15

    Pred. No. is the number of results predicted by chance to have a score greater than or equal to the score of the result being printed and is derived by analysis of the total score distribution.
                                                                                                                                                                                                                                                                                                                                                                                                   Score
